New seals for all but the 32 models are in stock.

Most exchange seals are stock. Check website or call for availability. Please note that we can also remanufacture your own seal if preferred.

All o-rings contained in installation kits are made of VITON materials (same as OEM).

Installation tool for the 1-7/8" shaft seal is custom built and available separately.

Abbreviations: N/A = Not Available — N/R = Not Required — IN KIT = Included in the installation kit — INCLUDED = Kit comes with the seal and is included in the seal price
